

Riva

ergonomic task & stool seating

great things happen in a chair

Mesh or upholstered back
task & conference seating.

Discover an ergonomic chair that delivers lasting
comfort available with option of a height adjustable
upholstered or knit mesh back.

A comfortable seat

Riva's three seat sizes use Via Seating's comfort foam. This is a proprietary blend of high-density, closed-cell, cold-cured, injection-molded foam. The knit backs feature 2 distinct seat styles—a standard tailored seat design (featured above) and enhanced comfort seat (featured to the left).

features

- Mesh & upholstered, adjustable height backs.
- Optional mesh fixed backs.
- Choice of tailored or enhanced comfort seats.
- Featuring quick adjust advanced synchro.
- Option of a basic conference control.
- 12 year warranty (2 years for mesh).

Design by
Studio V

Studio V creates modern, sophisticated and original seating solutions that are ergonomic, beautiful and sustainable. This team of engineers and designers

are based at the Via Seating Factory in Reno NV, where they develop products using a prototyping lab, the latest in 3D modeling software and a materials testing center.
