Versatile,
ergonomic, and
award-winning—
All-Ways elevates
dynamic spaces
with sleek design
and unparalleled
functionality.

Designed to move. Built to adapt. All-Ways.

Introducing All-Ways—Via Seating’s award-winning answer to dynamic, flexible seating. Inspired by the fluidity of movement and the versatility of modern workspaces, All-Ways offers a comprehensive seating solution that adapts effortlessly to every environment—from conference rooms and coworking spaces to private offices and collaborative hubs.

Crafted with a minimalist approach, All-Ways maximizes functionality while using a limited number of materials, ensuring a sleek aesthetic with a reduced environmental footprint. Its intelligent design allows for smooth stacking & nesting, making storage & reconfiguration effortless. With options like tablet arms & upholstered seats and backs, All-Ways delivers both style & support wherever you are—moving with you all ways, always.

Designed for adaptability and crafted for performance, All-Ways moves with you—all ways, always.

Seating that moves with you—
all directions, all spaces,
All-Ways.

Stacks 20 high

Nests endlessly...

Sustainability

DfE Lead Design →

All Via Seating products follow the Design for the Environment (DfE) **design approach**. During this process, all components are screened to identify and assess the human and ecosystem health impacts of chemicals of concern. We screen all product components to the ANSI/BIFMA e3-2019 Annex B- List of Chemicals of Concern and the California Proposition 65 List.

Vigorous Testing →

Our products are annually assessed by a 3rd party team of chemists & globally-recognized ISO 17025 accredited lab. They are rigorously tested for conformance to ANSI/BIFMA e3 standard credits 7.6.1, 7.6.2 and/or credit 7.6.3 as well as conformance to low-emitting materials. Prior to product launch, every product is continuously developed testing its functionality & durability within Via Seating's ISO 17025:2017 accredited **lab**.

Environmental Impact →

All Via Seating products are BIFMA LEVEL® certified. LEVEL® is an evaluation and certification system for environmentally-preferable and socially-responsible office furniture. 3rd party certification is achieved by conformance to a multi-attribute standard created by the Business and Institutional Furniture Manufacturer's Association (BIFMA) that evaluates product impacts across categories including Materials, Energy, Human Health and Social Responsibility.

End of Life ↻

Via Seating provides accessible **care guidelines** that help maintain the quality of every product and easy-to-follow **disassembly instructions** when a product reaches the end of its life.
