1 piece

E TBEI
M8x10 screw
12 pieces

F TBEI
M6x20 screw
12 pieces

1 Unpack and prepare your components

Unpack your bench with backrest. Place pieces on a soft surface to protect the finish.

Two-person assembly is recommended.

2 Attach back panel to leg assemblies

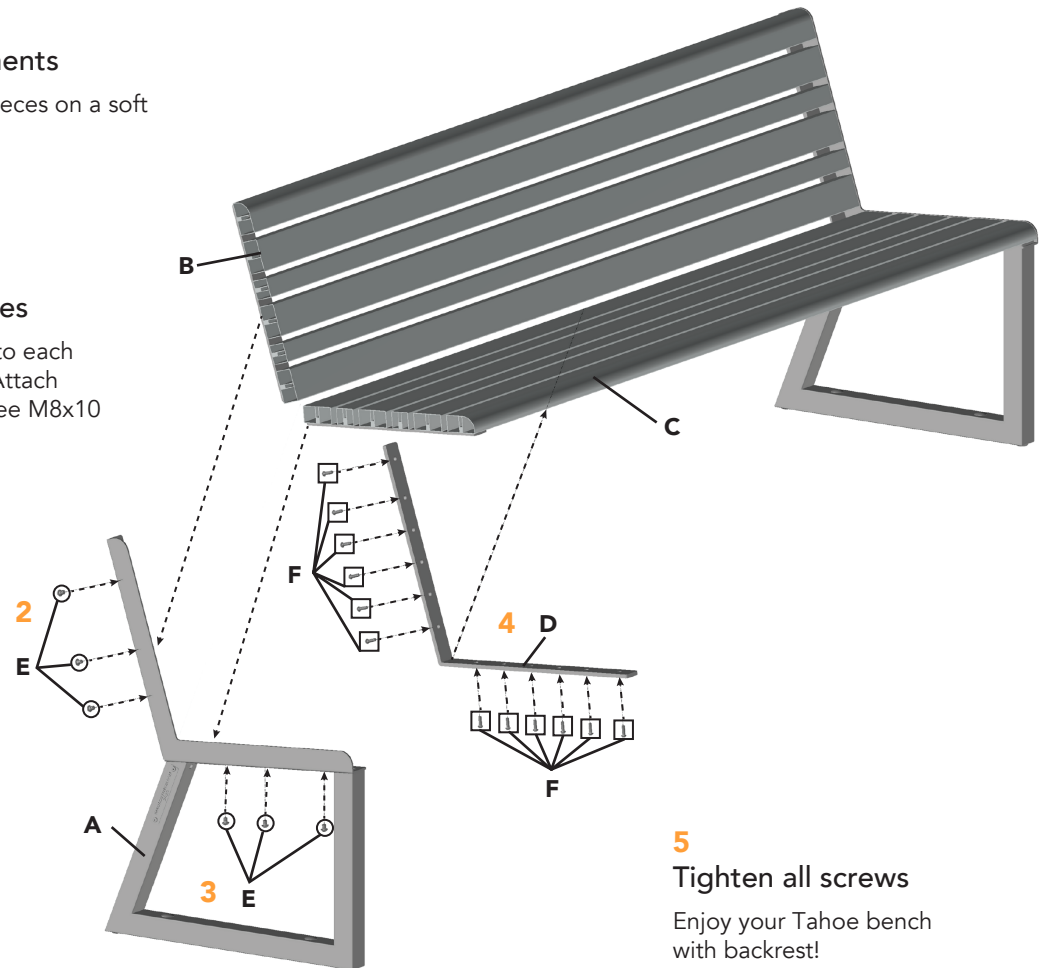

Stand leg assemblies (A) on feet, parallel to each other, supported in the vertical position. Attach back panel (B) to leg assemblies using three M8x10 screws (E) per side.

3 Attach seat panel to leg assemblies

Attach seat panel (C) to leg assemblies using three M8x10 screws (E) per side.

4 Attach seat brace to bench

Attach seat brace (D) to bench using twelve M6x20 screws (F).

5 Tighten all screws

Enjoy your Tahoe bench with backrest!
