SEATING

great things happen in a chair

# Discover timeless and unforgettable comfort.

This perfect blend of timeless style and substance is thanks to the proprietary blend of high-density, injection-molded foam over durable, automotive-inspired steel framework.

## Latest synchro technology

Oslo delivers a unique "execu-task" experience with the latest quick adjust advanced synchro control. This mechanism allows users to achieve all 5 back tilt position within a single rotation of the adjustment handle (no endless cranking). This 67C control also offers seat depth adjustment (-SS) and a work day comfort enhancing forward tilt adjustment (-FT).

## features

- High & mid backs, each with a distinct seat.
- Featuring the latest quick adjust advanced synchro on the mid backs and a synchro control with a heavy-duty spring tension weight rated at 400 lb on the high backs.
- Optional seat depth adjustments.
- 12 year warranty including the foam.

Design by  
Studio V &  
Ed Abadie (ABA Design)

Via Seating's quintessential execu-task series, Linete & Oslo, were designed in collaboration between Studio V and Ed

Abadie (ABA Design). These chairs feature Via Seating's comfort foam, an automobile-inspired, lasting steel framework and hand-manufactured fine stitch work.
