Eclipse & Eclipse Wired

Inspired by the 50th anniversary of the moon landing, Italian designer Angelo Pinaffo created the Red Dot Design award winning Eclipse series. Eclipse chairs have a continuous line, curved like the elliptical orbits of the spherical planets. Their shape generates a clean and essential seat, which conveys lightness. Choose from a stackable, unique v-leg, a classic beech wood or light task swivel base for indoor use. Also available as a stackable chair for outdoor use.

Cover artwork inspired by Keith Haring.
