SEATING

# Rise

Via Seating's latest ergonomic task chair, designed by Daniel Laval, is on a whole new level. With Rise, Via Seating achieved the impossible—a very competitive low price point chair that maintains Via's highest standards of quality, durability, comfort, and ergonomics, delivered with beautiful, European design. Rise's powerful features include a molded foam seat, fixed & height adjustable arms, elastomeric mesh in 4 colors, tilt & synchro control mechanisms and a seat depth adjustment. Offered in 2 frame colors—light grey cloud & matte black—and 4 accent bar colors to further customize your Rise chair.

Meet Rise on Via Seating's Rise to Meet You roadshow.
